*LAND ECONOMICS* is devoted to the study of economic aspects of the entire spectrum of natural and environmental resources, emphasizing conceptual and/or empirical work with direct relevance for public policy. Founded in 1925 as the *Journal of Land and Public Utility Economics*, the emphasis remains with articles that address the determinants and consequences of economic activity on the value and use of land, or the contribution of natural and environmental resources to economic activity.

*Land Economics* is published quarterly (February, May, August, November) by the University of Wisconsin Press. *Land Economics* is available online with value-added research tools, at no additional cost, to subscribers of the print version. Correspondence regarding subscriptions, requests for advertising rate cards, ordering back issues, and other business should be sent to: Journals Division, University of Wisconsin Press, 1930 Monroe Street, 3rd floor, Madison, WI 53711-2059, U.S.A., journals@uwpress.wisc.edu, uwpress.wisc.edu/journals/. Annual subscription rates for print and electronic are \$342 for institutions and \$105 for individuals; rates are \$299 for only electronic for institutions and \$95 for individuals (foreign postage is \$40 a year additional; Canadian subscribers add 5% goods and services tax).

Authorization to reproduce material from this journal, beyond one copy for personal use, or that permitted by Sections 107 and 108 of U.S. Copyright Law, is granted for a fee. ## GUIDELINES FOR MANUSCRIPT SUBMISSION

LAND ECONOMICS has a web-based manuscript submission system. Our system will ask you to register, and then you may submit your manuscript electronically. Once you are registered, future submissions will be simple and routine.

The link to our submission website is: <http://le.msubmit.net/cgi-bin/main.plex>. Once there, you will find all of the information you need—including format guidelines.

Thank you for your interest in LAND ECONOMICS.

For those unable to submit electronically, we will still accept paper manuscripts. In that case please send three copies of the manuscript to Daniel W. Bromley, Editor; Land Economics; University of Wisconsin; Taylor Hall, 427 Lorch St.; Madison, WI 53706-1503. In a cover letter, the author should state that the manuscript being submitted has not been published nor is being considered for publication elsewhere. The cover letter should contain all pertinent contact information for the author responsible for correspondence with our editorial offices. Articles longer than 30–35 pages will not be considered.

The manuscript should be double-spaced, on one side of the page only, with margins of one inch on all sides. Please include an abstract of 100 words on a separate page. Use the author-date system of citations in the body of the article and for the bibliography. See a current issue of LAND ECONOMICS for guidance. You may also wish to access our website: <http://le.uwpress.org>. All notes (footnotes) must be at the end of the manuscript as endnotes. Extensive mathematical material is discouraged, and if necessary, it should appear in a separate appendix. Tables and figures must be on separate pages.

It is the policy of LAND ECONOMICS to publish papers *only on the condition* that the data used in the analysis are (1) clearly and precisely documented, (2) readily available to any researcher for purposes of replication, and (3) sufficiently detailed in the specifics of computations to permit replication. Appearance of an article in LAND ECONOMICS constitutes evidence that authors understand these conditions and will abide by the stated requirements.
